Research Report

Date 20 Jan 1999
Owner/Vendor Joseph Sacchini
Researcher Mike Provard

I spoke with Mr. Sacchini on the telephone today to follow up on a request to duplicate his material. He indicated that the Family History Library has permission to microfilm his books and make the films available to patrons in our Family History Centers.

The three books covered under this permission are:

An alphabetical index to Italian family genealogy of the Mahoning Valley

Italian family genealogy of the Mahoning Valley, 1874-1994 : a genealogical guide

The Italians of Youngstown and the Mahoning Valley, Ohio

755 Boardman-Canfield Rd., M-2
Boardman, Ohio 44512

Dedicated to my parents, my grandparents, my uncles, my cousins,
my family members and to yours.

Acknowledgements

I have interviewed hundreds of people from 1986 through 1994 for this research whose contributions will be recognized.

I do want to acknowledge some people by name as it would have been nearly impossible to complete this work without their assistance. My wife Mary Jane for her patience and encouragement which helped me through some difficult times. To my mother, family relations, family friends for their help, advice and understanding. A special thanks to Guy F. Damore, Edmond Fabrizo, Alfred Fortunato, Attorney Lisa Gasbarre, Richard DiVincentis, E. Gregory Tierno, Richard M. Amendolea, Deborah L. Amundsen, Michael J. La Civita and Louis Rossi. I also wish to thank the Library Reference department staff of the Youngstown Mahoning County Main Library for their assistance and advice. Special recognition and thanks to my son, Joseph J. Sacchini, Ph.D., Electrical Engineering whose advice and assistance were invaluable in introducing and teaching me techniques needed to take advantage of the computer to program, type, edit and print the manuscript through the various stages necessary to produce this book.

Finally many thanks to a whole group of friends whose help, support and encouragement meant so much.

"Not to know what happened before we were born is to remain perpetually a child, for what is worth of human life unless it is woven into the life of our ancestors by the records of history."
- Marcus Tullius Cicero.

Introduction

This book is an effort on my part to give the Italian Americans and American Italians of the Mahoning Valley information that will give them the knowledge about their ancestral origin in Italy, i.e., Father's Name, Mother's Name, grandparent's names, date born, date died, village, city, province, year of arrival to the United States of America, family survivors at the time of death, church and funeral home. This genealogy history is a study of approximately 7,400 immigrant families who left the economically and culturally confining Old World villages and cities where they were raised and paid for the freedom and prosperity this country offered by giving up their traditions, culture, language and heritage.

In researching this manuscript I have laid a foundation for future researchers to complete the records here started. In researching and recording this data it was my intention to be truthful in all aspects. If there are omissions of individuals or otherwise, these were not done with any intention of offending or eliminating anyone. If omissions have occurred my interviews, readings or records did not disclose sufficient data concerning such persons. In these cases I offer my apology to those individuals and families.

It is my hope that you will be able to recapture your identity and recover your ancestral legacy by uncovering your family's past. However, note that uncovering the details of your family's past may be emotionally difficult and that life defies reason as it may contain treasures and sorrows that none of us can foresee. It is my hope that this research will help you find your way home.

"What would my life have been had I remained where I was born? What dreams would I be dreaming now? ... What would my life be now if I were still with my familiar trees?" - Joseph Tusiani, author Gente Mia.

Biography

Joseph Louis Sacchini was born in Youngstown, Ohio in 1927 and graduated from East High School. He received a Bachelor of Science in Education degree from Youngstown College and a Master of Science degree in education from Westminster College.

He is the son of Mrs. Anna Sacchini and the late Umberto Sacchini. Mr. Sacchini is married to the former Mary Jane Gualtieri. His son, Captain Joseph John Sacchini, USAF, has a Ph.D. in Electrical Engineering and is an Assistant Professor at the Air Force Institute of Technology at Wright-Patterson Air Force Base in Dayton, Ohio.

Mr. Sacchini is a retired Youngstown educator and a retired Lieutenant Colonel, AUS. His 34-year career in education includes 25 years as a classroom teacher and 9 years as a school Principal. His 36 years of active reserve service in the United States Army has included assignments in various commands and reserve units including commander of the 1654th Civil Affairs Group RTU. He was also assigned to the Deputy Chief of Military Operations as a Staff Action Officer, Pentagon, Washington, D.C.

Since his retirement, Mr. Sacchini has been researching the contributions of Italian immigrants who had moved to Mahoning, Trumbull, and Lawrence counties, as evidenced by this book.

Mr. Sacchini has promoted Italian culture, customs, language, and studies by personal actions, resolutions to societies in acquiring funds, teaching aids, textbooks, awards, etc. to help students in Italian classes understand the magnitude of Italian contributions and accomplishments to our world civilization and to United States history. Further, he has made his resources and research library available to individuals in preparing study reports, news articles, and talks to organizations about Italian immigrants and their contributions to our history. This is done to benefit the Italian American community by informing the general public of Italian American contributions and to bring individuals of Italian heritage together to form networks and to participate in information sharing projects.

Past and present professional affiliations are many in number and broad in spectrum. Examples are as follows: Reserve Officers Association, National Education Association, Ohio Education Association, The Retired Officers Association, The Civil Affairs Association, American Ordnance Association, Buckeye Principals Association, and the Ohio Retired Teachers.

Current Civic and Community Affiliations are also numerous: Board of Directors Youngstown Alumni Association, President of the Youngstown University ROTC Alumni Chapter, President of the Mill

Creek Citizens Committee Inc., Sons of Italy Lodge 858, ITAMS Post 3, Disabled American Veterans, Youngstown Wolves Club Den VI, National Italian American Foundation, Mahoning Valley Historical Society, Our Lady of Mt. Carmel Holy Name Society, Our Lady of Mt. Carmel Vestibule Club, Our Lady of Mt. Carmel Ushers, National Italian American Sports Hall of Fame Mahoning Valley Chapter, and the Honorable Order of Kentucky Colonels.

Some of his other accomplishments include the past chairman, founder, and custodian of the fifty State and four Territorial flag display, which is presently on permanent display at the Youngstown Air Force Reserve Base. The purpose of the flag display is to promote the United States by displaying at every opportunity the flags of each State during parades, ceremonies, banquets, etc., with the hope that this display will intensify in our hearts and that of our fellow man that love and respect for this great nation of ours which every true American should feel. Also, because of these flags, Youngstown is looked upon as a "point with pride" location. To date the flag display has been exhibited and used in two Presidential Inauguration Day ceremonies in Washington, D.C. The flags also have been used as a background at a brunch for Medal of Honor Recipients in which former President Richard M. Nixon attended in Washington, D.C. To date the flag display has traveled over 100,000 miles in exhibits and parades throughout the United States.

As a teacher at East High School, Mr. Sacchini wrote a script, produced, and directed, on his own time, two patriotic shows which were performed during Lincoln's and Washington's birthdays in 1966 and 1967. The shows were entitled "Our Heritage is Our History" and "Our American Heritage". Both shows were aired on radio, television, and presented live to public audiences. Mr. Sacchini, East High School, and students were recognized by the Valley Forge Freedoms Foundation for both shows. Mr. Sacchini, as an assistant principal at South High School in 1969, co-wrote, co-produced, and co-directed a patriotic show entitled "This is My Country" which was also recognized by the Valley Forge Freedoms Foundation.

Mr. Sacchini's hobbies include gourmet cooking, fishing, gardening, hunting, researching Italian contributions to United States history, and Ohio history.
